OUR ENVIRONMENT AND SUSTAINABILITY WORK

Our objectives

- We strive to become a leading organizer of sustainable sports events
- We shall be an environmentally approved event by the FEE Norway Foundation
- We want to be innovative and dare to challenge ourselves to ensure a continued white winter

This year also we have been awarded an “Environmentally Approved Event” by the FEE Norway Foundation! This means that we are working constantly on reducing the event’s environmental and climate impact by being aware of reduction in consumption, reusing what we have as long as we are able, and recycling.

SIDE EVENTS

MEN:

Thursday, February 15th

18:30 Get together for press and media in Hafjell Lodge. Food and beverages.

WOMEN:

Saturday, March 2nd :

19:00 30 years in 94 minutes – A musical anniversary performance:

How would life be without Kvitfjell? The magical slope on the edge of Peer Gynt's realm was created for the greatest Olympic Winter Games in 1994. Today - 30 years later - Kvitfjell is still a powerhouse of a winter adventure for the entire Ringebu municipality, Gudbrandsdalen, and Alpine Norway. The composer behind the famous tunes of the 1994 Olympics, Dag Kolsrud, has, on this occasion, put together a specially composed musical anniversary performance - featuring local and national artists of the highest caliber.
